Secure Blade Lock

Comfortable Grips

Knife Storage

**SPEED LOAD REPLACEMENT BLADES**

- Replaceable high carbon steel, stainless steel or ceramic blades for Speed Load knives and saws
- Choose from single saw blades, multi-blade variety packs and bulk packs
- 24-blade packs contain 6 blade storage boxes, 50-blade packs contain 5-blade storage boxes
- Blades are not interchangeable between all models

**Features and Benefits**

- Speed Load knives are offered with a variety of blade profiles, contours and edge treatments. Just pick the blade that best suits the cutting task at hand.
- Speed Load knives are available in your choice of stainless steel or ceramic blade models.
- The Speed Load Hunting model also accepts standard utility knife blades that are readily available in any hardware store or home improvement center.
- Not all blades are fully interchangeable between all models.

**Secure Blade Lock**
- The Speed Load blade lock is the essence of simplicity. Just press in on the release button and lift the blade up and out of the frame.
- Insert a new blade by reversing the process and making sure the release button fully engages the slot in the blade.
- Folding blade models have a rugged liner lock that keeps the blade securely in position when open.

**Secure Blade Lock**

- The Speed Load blade lock is the essence of simplicity. Just press in on the release button while pressing down on the back of the blade spine and lift the blade up and out of the frame.
- Insert a new blade by reversing the process and making sure the release button fully engages the slot in the blade.
- Folding blade models have a rugged liner lock that keeps the blade securely in position when open.

**Task-Specific Blades**
- Speed Load blades come in a variety of blade profiles, contours and edge treatments. Just pick the blade that best suits the cutting task at hand.
- Speed Load knives and saws are available in your choice of stainless steel or ceramic blade models.
- Not all blades are fully interchangeable between all models.

**Features and Benefits**

- Speed Load knives are offered with a variety of handle materials including 6-10 tamper and nubbed injection molded composites with soft rubber inserts for improved grip.
- The handle’s grip is further improved by adding attractive sculpting and textured patterns to help prevent slipping, even when wet.
- **BLADE STORAGE**
  - The Speed Load Hunting and Fixed Blade knives and the Speed Load Saw come with nubbed nylon belt sheaths that help keep the knife secure and provide a hard polymer insert case for storage of additional blades.
  - Folding Camp/ Game and Hunting models have a molded polymer hard case with protective sleeves for storing extra blades.
  - Rugged snapped nylon belt sheath with polymer insert for storing extra blades and a TACS AU Camo® pattern

**Steel**

- Four replaceable blades include one drop-point, one gutthook, one caper and one utility
- Thumb stud and pocket clip
- Rugged nylon belt sheath with polymer insert for storing extra blades
- Accepts Speed Steel Blades

**Fixed**

- Four replaceable stainless steel blades include one deep belly Skinner, one drop-point, one gutthook/saw and three fillet
- Rugged snapped nylon belt sheath with polymer insert for storing extra blades
- Molded polymer hard case

**Ceramic**

- Three replaceable blades include one drop-point, one gutthook and one caper
- Thumb stud and pocket clip
- Accepts Speed Steel Blades

**Saw**

- Two push/pull saw blades
- Push button blade lock and release
- Thumb stud
- Locking wood screw in base allows it to be used as a pole saw
- Rugged snapped nylon belt sheath with protective sleeves for storing extra blades

**KNIVES**

**NEW**

- Four replaceable blades include three drop-point and one caper
- Thumb stud and pocket clip
- Rugged nylon belt sheath with polymer insert for storing extra blades
- Accepts ceramic blades
- Two-tone black and gray handle

**Blade Profiles**

- Drop Point
- Guthook
- Caper
- Modified Sheepsfoot
- Saw
- Hunting
